

Hartmetallwerkzeuge zum Innendrehen kleinster Dimensionen System Tip Bar

Vorteile

- **Ausgezeichnete Spanabfuhr** wegen der flachen, ebenen Konstruktion des Schneideinsatzes
- **aussergewöhnliche Feinstbearbeitung**, ohne Oberflächenverletzung, Riefen

Halter für Tip-Bar-Innendrehesystem AR mit rundem Schaft

Outils en carbure p. le tournage intérieur de dimensions minces System Tip Bar

Avantages

- **très bonne évacuation des copeaux** à cause de la géométrie plate des burins très bonne qualité
- **d'usinage, excellent état de surface**

Porte-burin pour système Tip Bar pour le tournage intérieur à tige ronde

Carbide tools for internal turning of micro dimensions System Tip Bar

Advantages

- **excellent chip evacuation** due to complete flat top face of insert
- **superior finishing** without chips scratching or biting

Insert holder for Tip-Bar-carbide inserts with round shank
