TESA myFinder Set 22

## ELITE Double mitre semi-automatic band saw machine

- dimensions of pièces: up to 500 mm
- hydraulic and rapide clamping vice, ajustable in length
- hydraulique cylinder, active in two directions: therefore lower the saw and pressure on the band are checkable

## Herrman Klaeger GmbH VBS600-3D Cut

### Vertical band saw

*Specially dimensioned for the requirements of the additive manufacturing (3 D printing)*  
Dimensions of the plates til 800 x 400 mm, for heavy sawing with highly precise cuts

### Technical data:

Width of cutting range: 600 mm  
Hight of cutting range: 530 mm  
Feed of table digitally controlled:, size: 1090 x 1200 mm  
Power 4 kW / 7,5 A  
Cutting speed, frequency controlled 15-1000 m/min  
Length of band saw: 5060 mm  
width of band saw 34 mm

## Herrman Klaeger GmbH

Double pillar automatic saw *Specially dimensioned for the requirements of the additive manufacturing (3 D printing)*  
Dimensions of the plates til 305 x 305 mm, for heavy sawing with highly precise cuts  
k-tronic control with SmartCut package

## bitron300 3D CUT 3D printing

## Indexable insert drills 3xD,5xD, 7xD,10xD for heavy cuts
